## **THANK YOU**

Dear Church Family,

I would like to say thank you very much for helping me out when my car caught fire. It really means a lot to me that you care enough about me to be there for me! Things are starting to get better. I try not to worry about the things I have lost because I did not get lost with them. God was watching over me that night and I thank him for that every day.

Thank you,  
Matthew Miller
